CIRCULATION RESEARCH (ISSN 0009-7330) is published semimonthly except one issue per month in January and December and three issues per month in April and September by Lippincott Williams & Wilkins, at 12107 Insurance Way, Hagerstown, MD 21740. Business offices are located at Two Commerce Square, 2001 Market Street, Philadelphia, PA 19103. Production offices are located at 351 West Camden Street, Baltimore, MD 21201-2436. Individuals may subscribe for their personal use at the following annual rates: Domestic: $240 for members and $558 for nonmembers. International: $297 for members of an American Heart Association scientific council and $697 for nonmembers. Contact Lippincott Williams & Wilkins for single copy rates and subscription rates for medical professionals in training and for libraries, reading rooms, and other multiple-use institutions. Periodicals postage paid at Hagerstown, MD, and additional mailing offices. POSTMASTER: Send address changes to CIRCULATION RESEARCH, American Heart Association, Lippincott Williams & Wilkins, 12107 Insurance Way, Hagerstown, MD 21740.
Clonal Analysis Reveals a Common Progenitor for Endothelial, Myeloid, and Lymphoid Precursors in Umbilical Cord Blood
Aline Lisie Ramos, Radbod Darabi, Nasrin Akbarloo, Luciene Borges, Jacquelyn Catanese, Sean P. Dineen, Rolf A. Brekken, Rita C.R. Perlingeiro

Late-Breaking Basic Science Abstracts

In October 2010, the average time from submission to first decision for all original research papers submitted to Circulation Research was 13.9 days.

On the cover: Massive lipid accumulation in the red pulp of spleens of LDL receptor knockout mice transplanted with ABCA1/SR-BI double knockout bone marrow. See related article, page e20.
