In the Circulation Research article by Criqui and Aboyans (Epidemiology of Peripheral Artery Disease. Circ Res. 2015;116:1509–1526. DOI: 10.1161/CIRCRESAHA.116.303849.), corrections were needed.

In Figure 3, the label for the final risk factor, “Age (per 10 yrs),” was omitted.

In addition, the sentence describing the figure erroneously stated, “Figure 3 presents the meta-analyses of the effect size of 10 risk factors investigated in at least 3 studies among those summarized in Table 3, using multivariate design, as well as the association with other CVD.” It should read, “Figure 3 presents the meta-analyses of the effect size of 11 risk factors investigated in at least 3 studies among those summarized in Table 3, using multivariate design, as well as the association with other CVD.”

The authors apologize for these errors, and the errors have been noted and corrected in the online version of the article, which is available at http://circres.ahajournals.org/content/116/9/1509.full.
