Correction to: Identification of a Retinal Aldosterone System and the Protective Effects of Mineralocorticoid Receptor Antagonism on Retinal Vascular Pathology

In the article by Wilkinson-Berka et al, “Identification of a Retinal Aldosterone System and the Protective Effects of Mineralocorticoid Receptor Antagonism on Retinal Vascular Pathology,” which published in the January 2, 2009 issue of the journal (Circ Res. 2009;104:124–133. DOI: 10.1161/CIRCRESAHA.108.176008.), a correction was needed.

In response to an enquiry, Monash University identified an error in authorship attribution involving the above article published in Circulation Research. Following University processes, it was determined that Dr Jacqueline Harbig warrants authorship as fourth author on the article, and the lack of attribution Dr Harbig received occurred through an oversight.

The author list has been updated and corrected in the online version of the article, which is available at http://circres.ahajournals.org/content/104/1/124.
