Abstracts Due June 6 for AHA's Scientific Sessions

Abstracts of papers and applications for scientific exhibits and cardiovascular films to be considered for presentation at the 1969 Scientific Sessions of the American Heart Association must be postmarked no later than June 6, 1969. The four-day meeting will be held from Thursday, Nov. 13 through Sunday, Nov. 16 in Memorial Auditorium, Dallas, Texas.

Papers intended for presentation must be based on original investigations in the cardiovascular or related fields. The project's results and the investigator's conclusions should be summarized in the abstracts and submitted on official AHA forms.

A full day will be devoted to the showing of cardiovascular films concurrent with the Scientific Sessions. The Association's Subcommittee on Films will select recently produced prints to be presented.

Space for industrial exhibits may be requested through Steven K. Herlitz, Inc., 850 Third Avenue, New York, N. Y. 10022.

Official forms for submitting abstracts, films and scientific exhibits may be obtained from the Department of Medical Education at the Association's National Office, 44 E. 23rd St., New York, N. Y. 10010.

"Electrocardiography" Is 3-Day Course Topic

"Changing Concepts in Electrocardiography" will be discussed at a Three Days of Cardiology postgraduate course to be held on April 1-3, 1969, at the Medical College of Georgia's Education Building, Augusta.

The course, sponsored by AHA's Council on Clinical Cardiology and the Medical College of Georgia in cooperation with the Georgia Heart Association, has been designed to provide cardiologists and internists with the opportunity to examine in depth current advances and changes in thinking in electrocardiography. The morphologic aspects of diagnosis will be emphasized, with an opportunity to develop the linkage between the state of the heart muscle and surface electrocardiographic record.

Drs. Leo G. Horan and Nancy Flowers will co-direct the course. Other Medical College of Georgia faculty who will participate are John H. Edmonds, Jr., Geoffrey E. King, Joel McKenney, Larry J. O'Brien and Calhoun Witham.

The visiting faculty will include J. A. Abildskov, Henry W. Blackburn, Stanley A. Briller, Daniel A. Brody, Thomas N. James, Hubert V. Pipberger, Ronald H. Selvester and Madison S. Spach.

Fellows and Members of the AHA Council on Clinical Cardiology are charged $50 for attending the course. The fee for non-members of the Council is $85. Registration forms may be obtained from the Department of Medical Education, AHA, 44 E. 23rd St., New York 10010.

Seminar on Nephrology Set for May in Boston

The first annual seminar on "Nephrology," sponsored by the Renal Section of AHA's Council on Circulation, the Massachusetts Heart Association and Peter Bent Brigham Hospital, has been scheduled from May 19-22 in Boston.

The four-day meeting opens on Monday, May 19 at Peter Bent Brigham Hospital with "A Review of Transport Mechanisms." This will be followed by discussions of "Ion
and Water Transport in the Kidney,” “Renal Concentrating Mechanisms,” “Intrarenal Distribution of Blood Flow in Health and Disease,” “Sodium Regulatory Mechanisms,” and “Renal Tubular Dysfunction.”

Subsequent sessions will cover a variety of topics, including renal pathology, pyelonephritis, glomerulonephritis, transplantation immunology and clinical aspects of kidney transplantation.

Registration fees for the seminar, which include a reception, lunches and daily transportation, are $125 for members of the Council on Circulation’s Renal Section, and $150 for others. Attendance will be limited to 175.

Applications to attend the sessions may be obtained from the Department of Councils, AHA, 44 E. 23rd St., New York, N. Y. 10010. April 1 is the deadline for receipt of applications.

AHA Stroke Council Elects New Officers

The Association’s Council on Cerebrovascular Disease elected new officers effective January 1, 1969, as follows:

John Stirling Meyer, M.D., Detroit, Chairman; Ray W. Gifford, M.D., Cleveland, Vice-Chairman.

New officers elected by other of the Association’s Councils were announced in January, 1969 issues of Circulation and Circulation Research.

Blakeslee-Stamler Book Condensed for Patients

A condensed edition of the best-selling book, “Your Heart Has Nine Lives,” by Alton Blakeslee and Jeremiah Stamler, M.D., has been reprinted for AHA to be distributed by physicians to their patients.

Written in a light and entertaining style, the 31-page booklet covers some of the common habits and health conditions which may increase the risk of heart disease, and points out ways to counteract such risks. It is spotted throughout with amusing illustrative cartoons.

Originally published by Prentice Hall, Incorporated, the work received AHA’s Howard W. Blakeslee Award in 1964 for outstanding reporting in the cardiovascular field. The award honors Alton Blakeslee’s father, science editor of the Associated Press, who died in 1952 of heart disease. Alton Blakeslee is presently AP’s science editor. Dr. Stamler is Associate Professor of Medicine at Northwestern University Medical School, Chicago.

Copies of the reprint may be obtained through local Heart Associations.

Meetings Calendar

1969

March 26-27: Symposium on Cardiovascular Diseases (Co-sponsored by AHA Council on Clinical Cardiology), Louisville, Ky. Dr. F. A. Olash, Louisville Heart Ass’n., 333 Guthrie St., Louisville 40242.

April 1-3: 3 Days of Cardiology (Changing Concepts in Electrocardiography, Course Directors, Leo G. Horan, Nancy C. Flowers), Augusta, Ga. Inquiries to: Medical Education Dept., AHA, 44 E. 23rd St., New York 10010.

April 11-12: Scientific Sessions (AHA Council on Clinical Cardiology and Michigan Heart Ass’n.), Detroit Michigan Heart Ass’n., 13100 Puritan-Corner Ward, Detroit 48227.

April 21-25: American College of Physicians, Chicago. Dr. E. C. Rosenow, Jr., 4200 Fine St., Philadelphia 19104.

May 16: Scientific Sessions (Co-sponsored by AHA Council on Clinical Cardiology and California Heart Ass’n.), San Francisco. California Heart Ass’n., 1370 Mission St., San Francisco 94103.

May 17-18: Pre-Hospital Phase of Acute Myocardial Infarction, (Co-sponsored by AHA Council on Clinical Cardiology and Genesea...
Valley Heart Ass’n.), Rochester, N. Y. Dr. Arthur J. Moss, Strong Memorial Hospital, 260 Crittenden Blvd., Rochester, N. Y. 14620.

May 19-22: Seminar on Nephrology (First Annual), Co-sponsored by Council on Circulation’s Renal Section, Massachusetts Heart Ass’n. and Peter Bent Brigham Hospital, Boston. Dept. of Councils, AHA, 44 E. 23rd St., New York 10010.

June 11-13: 3 Days of Cardiology for Nurses (Recent advances in Cardiac Nursing), Boston. Assistant Director, AHA Dept. of Medical Education, 44 E. 23rd St., New York 10010.

June 19-20: National Conference on Coronary Care Units (2nd), Denver. Medical Education Dept., AHA 44 E. 23rd St., New York 10010.

July 13-19: International Congress of Clinical Pathology, Montreal, Canada. P. O. Box 8, Station G., Montreal, 18, Canada.

July 20-25: International Conference on Medical and Biological Engineering, Chicago. Dr. John E. Jacobs, Northwestern University, Evanston, Ill.

July 31-August 2: 3 Days of Cardiology (Clinical Decisions in Cardiology, Course Directors, Thomas N. James, Lewis E. January, Richard S. Ross), San Francisco. Inquiries to: Medical Education Dept., AHA 44 E. 23rd St., New York 10010.

September 7-8: Clinical Aspects of Hypertensive CV Disease (Co-sponsored by AHA Council for High Blood Pressure Research, Los Angeles County Heart Ass’n. and California Heart Ass’n.), Los Angeles. Medical Education Dept., AHA 44 E. 23rd St., New York 10010.

December 7-13: South American Congress of Cardiology (4th) and Uruguayan Society of Cardiology, Punta del Este, Uruguay. Dr. Alfred M. Bennett, AHA, 44 E. 23rd St., New York 10010.
