SONOMICROMETER
(model 120)
MEASURE:
- Cardiac Function
- Vessel Dimensions
- Organ Dimensions

PULSED DOPPLER FLOWMETER
(model 100)
USE WITH:
- Implanted Probes
- Transcutaneous Probes for Peripheral Vascular Diagnosis
- Doppler Velocity Catheters

Advanced, Dependable, Affordable.

CIRCULATION RESEARCH (ISSN 0009-7300) is published monthly at the Scientific Publishing Office, American Heart Association, 7320 Greenville Avenue, Dallas, TX 75231-4599. Individuals may subscribe for their personal use at the following rates: $120 in the United States; $164 for all other countries except Japan. All orders for Japan must be sent to Nankodo Co., Ltd., 42-6 Hongo 3-chome, Bunkyo-ku, Tokyo 113, Japan. Contact the American Heart Association for subscription rates for medical professionals in training and for libraries, reading rooms, and other multi-use institutions. Second class postage paid at Dallas, Texas, and additional mailing offices. POSTMASTER: Send address changes to CIRCULATION RESEARCH, American Heart Association, Scientific Publishing, 7320 Greenville Avenue, Dallas, TX 75231-4599.
Circulation Research provides a medium for bringing together basic research on the cardiovascular system from various disciplines including biology, biochemistry, biophysics, morphology, pathology, physiology, and pharmacology. The journal also will accept for publication manuscripts on clinical research that contribute to an understanding of fundamental problems.

Individuals may subscribe to *Circulation Research* for their personal use at the following rates: $120 in the United States; $185 for all other countries except Japan. Interns, residents, medical students, and research fellows (United States, Canada, or Mexico only) are eligible for a reduced rate if payment is accompanied by a letter from the department head verifying post held and completion date. Special reduced rates are $60 in the United States, $92.50 in Canada and Mexico. Contact AHA for subscription rates for libraries, reading rooms, and other multiple-use institutions. Prepayment is required. Make checks, drafts, post office or express money orders in U.S. dollars drawn on a U.S. bank payable to the American Heart Association with *Circulation Research* on the face of the check. We also accept VISA or MasterCard. Please include account number, expiration date, and name as it appears on the card. Issues will be mailed after payment is received. Prices are subject to change without notice. Single copy rates are available on request.

**Director, Science Division**

The American Heart Association (AHA) (Dallas, TX) has a staff position open for a Director, Science Division. Responsibilities for this individual will include managing the review and approval for medical/scientific statements, providing technical/scientific consultation on research matters, monitoring scientific developments in cardiovascular medicine, determining science accuracy of AHA educational and media materials by reviewing and assisting in their writing and revision. This individual will also act as deputy for the Sr. Vice President, Scientific Affairs for delegated functions and absences. In all the foregoing responsibilities a prime requirement is the capacity to communicate and negotiate issues with medical-scientific volunteers both in clinical and basic science disciplines.

The candidate must have knowledge of the science of cardiovascular disease, biomedical science research knowledge, and the ability to read, understand, integrate and summarize science literature. An M.D. is strongly preferred. Salary will be commensurate with experience. Please send curriculum vitae, the names of three references and salary history to: American Heart Association National Center, Attention: National Center Staffing Manager (SD), 7320 Greenville Avenue, Dallas, TX 75231. Applications should be received ASAP. The American Heart Association is an Equal Opportunity Employer.

---

**NUTRITION SCIENCE CONSULTANT**

The American Heart Association National Center (AHA) (Dallas, Texas) has a staff position open for a Nutrition Science Consultant. This person will review public education and promotional materials for scientific accuracy in nutrition, lipoproteins, weight control, exercise and related areas. Other responsibilities include content preparation of educational materials and providing assistance in the design and development of nutrition public education programs, cookbooks, recipes, etc. The person will also provide staff science consultation to committees and scientific councils as assigned. The candidate must have a Ph.D. or equivalent graduate degree in nutrition science with knowledge of epidemiology or public health desirable. A minimum of 3-5 years postdoctoral experience is also necessary. Salary will be commensurate with experience. Please send curriculum vitae, the names of three references and salary history to: American Heart Association National Center, Attention: National Center Staffing Manager (SC), 7320 Greenville Avenue, Dallas, TX 75231. Applications should be received by November 21, 1990. The American Heart Association is an Equal Opportunity Employer.

**Call for Abstracts**

**31st Annual Conference on Cardiovascular Disease Epidemiology**

March 14–16, 1991
The Peabody Orlando
Orlando, Florida

Physicians, epidemiologists, biostatisticians, and other health scientists are encouraged to submit abstracts on cardiovascular disease epidemiology and prevention. Abstracts accepted for presentation will be published in the February issue of *Circulation*, a journal of the American Heart Association.

Abstract deadline: October 15, 1990

Further information may be obtained through:
American Heart Association
31st Annual Conference on Cardiovascular Disease Epidemiology
7320 Greenville Avenue
Dallas, TX 75231
(214) 706-1511
(Fax) 214-373-3406

Sponsored by the Council on Epidemiology of the American Heart Association
