CONTRIBUTORS TO THIS ISSUE

JAMES M. ANDERSON, M.D.
Formerly, medical student and research assistant in Pathology, University of Minnesota Medical School. Now interning, St. Mary's Hospital, Duluth, Minnesota.

J. Q. BLISS, M.D.
Lecturer in Physiology, McGill University, Montreal, Canada.

BARUCH BROMBERGER-BARNEA,
E.E. (ELECTRONICS), PH.D. (PHYSIOLOGY)
Electrophysiologist, Division of Cardiopulmonary Physiology, Department of Research and Laboratories, National Jewish Hospital at Denver; Instructor in Physiology, Department of Physiology, University of Colorado School of Medicine, Denver, Colo.

JOEL G. BRUNSON, M.D.
Assistant Professor in Pathology, and Senior Research Fellow, U.S. Public Health Service, University of Minnesota Medical School, Minneapolis, Minn.

G. E. BURCH, M.D.
Henderson Professor of Medicine, Tulane Medical School; Physician-in-chief, Tulane unit, Charity Hospital of Louisiana.

A. S. V. BURGEN, M.B., B.S., M.R.C.P.
Professor of Physiology, McGill University. Deputy Director, McGill University Clinic, Montreal General Hospital, Montreal, Canada.

PAOLO CALDINI, M.D.
Fellow in Division of Cardiopulmonary Physiology, Department of Research and Laboratories, National Jewish Hospital at Denver, Denver, Colo.

ABRAHAM T. K. COCKETT, M.D.
Fellow of the National Heart Institute, and Fellow of the Los Angeles County Heart Association. At present, Resident in Urology, University of California at Los Angeles.

PAUL F. CRANEFIELD, PH.D.
Associate Professor of Physiology, State University of New York, College of Medicine at New York City, Brooklyn, N. Y.

DEAN A. EMANUEL, M.D., MAJOR, MC
Chief Circulation Section, Department Environmental Medicine, U. S. Army Medical Research Laboratory, Fort Knox, Ky.

RICHARD W. EMANUEL, M.A., D.M., M.R.C.P.
(LOND.)
Research Fellow in Medicine, Vanderbilt University School of Medicine, Nashville, Tenn. Senior Medical Registrar (in absentia), National Heart Hospital, London, England.

ALVIN FREIMAN, M.D.
Research Fellow, Sloan-Kettering Division of Cornell University.

CONSTANCE L. FRIEDMAN, PH.D.
Research Associate Professor in the Department of Anatomy, The University of British Columbia, Vancouver, B. C., Canada.

SYDNEY M. FRIEDMAN, M.D., PH.D.
Professor of Anatomy, The University of British Columbia, Vancouver, B. C., Canada.

PIERRE-M. GALLETTI, M.D., PH.D.
Visiting Assistant Professor, Department of Physiology, Division of Basic Health Sciences, Emory University, Atlanta, Ga. Formerly Research Fellow, Cedars of Lebanon Hospital, Los Angeles, Calif.

PAUL GORDON, M.S.
Pharmacologist, V. A. Research Hospital, Chicago, Ill.

FRANCIS J. HADDY, M.D., PH.D.
Formerly, Major, MC, Chief Circulation Section, Department Environmental Medicine, U. S. Army Medical Research Laboratory, Fort Knox, Kentucky. Presently, Assistant Professor of Physiology and Medicine, Northwestern University; Clinical Investigator, Veterans Administration Research Hospital, Chicago, Ill.

ALLAN HEMINGWAY, PH.D.
Professor of Physiology, University of California Medical Center. Consultant in Respiratory Physiology, Long Beach VA Hospital, Long Beach and San Fernando VA Hospital, San Fernando, Calif.
CONTRIBUTORS TO THIS ISSUE

Marilyn E. Hess, Ph.D.
Instructor of Pharmacology, Laboratory of Pharmacology, University of Pennsylvania School of Medicine, Philadelphia, Pa.

Brian P. Hoffman, M.D.
Associate Professor of Physiology, State University of New York, College of Medicine at New York City, Brooklyn, N. Y.

Philip B. Hollander, M.Sc.
Research Associate in the Department of Pharmacology, School of Medicine, University of Southern California, Los Angeles, Calif.

James D. Jamieson
Teaching Fellow in the Department of Anatomy, The University of British Columbia, Vancouver, B. C., Canada.

D. G. Johns, B.Sc., M.D.
J. B. Collip Fellow in Medical Research. Presently with the Allergy Research Division, McGill University Clinic, Royal Victoria Hospital, Montreal, Canada.

Frances Jones, M.S.
Research Associate, Department of Pathology, The University of Texas Southwestern Medical School, Dallas, Tex.

Yale J. Katz, M.D., Ph.D.
Associate Professor of Medicine, University of Southern California School of Medicine, Established Investigator, American Heart Association.

James C. Kranner, M.D., Ph.D.
Research Fellow in Basic Science of the Central Ohio Heart Association, Department of Physiology, The Ohio State University, Columbus, Ohio.

William W. Lacy, M.D.
Instructor in Medicine, Research Fellow American Heart Association, Vanderbilt University School of Medicine, Nashville, Tenn.

John S. LaDue, M.D., Ph.D.
Associate, Sloan-Kettering Division of Cornell University.

Richard J. Lewin, B.A.
Medical Student, University of Southern California Medical School, Los Angeles, Calif.

J. Liikanen, M.D.
Research Assistant, Department of Physiology & Biophysics, University of Washington School of Medicine, Seattle, Wash.

William E. Loring, M.D.
Associate Professor of Pathology, New York University, Bellevue Medical Center, New York, N. Y.

W. D. Love, M.D.
Assistant-professor of Medicine, Tulane Medical School. Visiting physician, Charity Hospital of Louisiana.

F. R. Magarey, M.D., M.R.C.P., F.R.A.C.P.
Professor of Pathology, University of Sydney, New South Wales, Australia.

Walmor Carlos Mello, M.D.
Research Associate, Institute of Biophysics, University of Brazil.

E. E. Muirhead, M.D.
Professor of Experimental Medicine, Vanderbilt University School of Medicine, Nashville, Tenn.

Irwin Nydick, M.D.
Research Fellow, Sloan-Kettering Division of Cornell University.

Antonio Paes de Carvalho, B.S.
Research Assistant, Institute of Biophysics, University of Brazil.

Richard M. Peters, M.D.
Associate Professor of Surgery, in charge Thoracic Surgery, U. N. C. School of Medicine.

P. André Rieben, B.S.
Project Engineer, Research Institute, St. Joseph Hospital, Burbank, Calif. Formerly, Project Engineer, Institute for Medical Research, Cedars of Lebanon Hospital, Los Angeles, Calif.

Maria I. Rodriguez, M.D.
Associate Professor of Physiology, Department of Physiology, University of El Salvador, San Salvador. Research Associate, Department of Physiology & Biophysics, University of Washington School of Medicine, Seattle, Wash.
ELEVATION OF INFERIOR VENA CAVA PRESSURE AND THORACIC LYMPH AND URINE FLOW. Yale J. Katz and A. T. K. Cockett

THE INFLUENCE OF TONE UPON RESPONSES OF SMALL AND LARGE VESSELS TO SEROTONIN. F. J. Iladdy, P. Gordon and T. A. Emanuel

EFFECTS OF ENZYME INHIBITORS ON THE CONTRACTILITY AND MEMBRANE POTENTIALS OF THE RAT ATRIUM. J. Leyden Webb and Philip B. Ho
t lender

TRANSMEMBRANE POTENTIALS OF THE NORMAL AND HYPOThERMIC HUMAN HEART. Baruch Bromberger-Barnea, Paolo Caldini and George J. Wittenstein

RELATIVE EFFECTS OF HEART CHAMBERS, LUNGS, AND MITRAL INSUFFICIENCY ON THE SHAPE OF INDICATOR DILUTION CURVES. Richard W. Emanuel, William W. Lacy and Elliot V. Newman

EFFECTS OF EXPERIMENTAL COARCTATION OF THE AORTA ON THE BLOOD PRESSURE OF SHEEP. F. R. Magarey, W. E. Stehbens and Alan Sharp

AMERICAN HEART ASSOCIATION

CONTRIBUTORS TO THIS ISSUE

Visiting Scientist, Charity Hospital, New Orleans, La. Formerly, Assistant Professor of Pathology, Department of Pathology, Medical College of Georgia, Augusta, Ga.

WILLIAM H. SPRONT, M.D.
Assistant Professor of Radiology, U. N. C. School of Medicine.

W. E. STEHBENS, M.B., B.S.
Lecturer in Pathology, University of Sydney, New South Wales, Australia.

J. A. STIRMAN, M.D.
Associate Professor of Surgery, The University of Texas Southwestern Medical School, Dallas, Tex.

J. LEYDEN WEBB, PH.D.
Professor of Pharmacology, School of Medicine, University of Southern California, Los Angeles, Calif.

GEORGE J. WITTENSTEIN, M.D.
Chief Resident, Thoracic Surgery, National Jewish Hospital at Denver; Clinical Instructor in Surgery, Department of Surgery, University of Colorado School of Medicine, Denver, Colo.

A. C. YOUNG, PH.D.
Associate Professor of Physiology and Biophysics, Department of Physiology & Biophysics, University of Washington School of Medicine, Seattle, Wash.
