Abstracts of Papers Due May 15 for 1961 AHA Scientific Sessions

Official application forms are now available for the submission of abstracts of papers to be presented at the Annual Scientific Sessions of the American Heart Association in Bal Harbour, Florida, October 20-22, 1961. The deadline for submitting abstracts is May 15, 1961.

Papers intended for presentation must be based on original investigations in, or related to, the cardiovascular field. Abstracts must be limited to 250 words or less and include a brief digest of the results obtained and conclusions reached. All applications will be screened by the Committee on Scientific Sessions Program of the American Heart Association.

Official forms for submitting abstracts of papers may be obtained from Richard E. Hurley, M.D., Medical Associate, American Heart Association, 44 East 23rd Street, New York 10, New York. Applications for space for scientific exhibits, which must be returned postmarked not later than May 15, 1961, may also be obtained from Dr. Hurley.

Space for industrial exhibits may be requested through Steven K. Herlitz, Inc., 280 Madison Avenue, New York 16, New York.

Epidemiology Conference Reports

On Cardiovascular Diseases

The proceedings of a conference on “Epidemiology of Cardiovascular Diseases: Methodology—Hypertension and Arteriosclerosis,” held in Princeton, New Jersey, April, 1959, under joint sponsorship of the American Heart Association and National Heart Institute, are now available as reprinted from the American Journal of Public Health.

Subjects considered include criteria for the diagnosis and clinical evaluation of ischemic heart disease and hypertension; dietary physical activity and biochemical measurements; assessment of cultural, societal, familial, psychological and genetic influences; and general problems of design of studies and analysis of data.

The 124-page report is obtainable at $1.00 a copy from the American Heart Association, 44 East 23rd Street, New York 10, New York.

Cardiac Work Evaluation Units

Conference Report Ready

Proceedings of the Second National Conference on Work Evaluation Units for cardiac patients, sponsored by the Association last May in Harriman, New York, are available without cost from the National Office or local Heart Associations.

The 70-page report covers current purposes, research potentials, recommended practices and the future of such evaluation units. The conference was attended by cardiologists, internists, psychiatrists, psychologists, social workers, rehabilitation counselors and representatives of Government employment and rehabilitation agencies.

AHA Professional Materials Listed

The Association's catalog, "Publications and Visual Aids for Physicians," which describes all professional materials produced by the American Heart Association, has been revised and brought up to date. Copies may be available.
obtained free of charge from the Association or its local affiliates and chapters.

Diagnostic Radiology Society

Applications for charter membership are now being received by the American Society for Diagnostic Radiology from physicians interested in doing some types of diagnostic radiology in their offices. Information may be obtained from Louis Shattuck Baer, M.D., F.A.C.P., 411 Primrose Road, Burlingame, California.
